FOR IMMEDIATE RELEASE

JEMNI Inc. Ignites Explosive National Growth with Landmark U.S. Department of Energy Win and Strategic Partnerships Across Pharma, Aerospace, and Defense

Naples, Florida – April 1, 2026 – JEMNI Inc., a Service-Disabled Veteran-Owned Small Business (SDVOSB) and Disability-Owned Business Enterprise (DOBE), today announced a powerful surge in momentum, fueled by major new government and commercial wins that solidify its position as a premier provider of mission-critical packaging, identification, and supply chain solutions.

As President and CEO, I am incredibly proud of what our tight-knit team of seven Service-Disabled Veterans has accomplished. JEMNI continues to deliver unmatched value while creating meaningful careers for disabled veterans and helping leading organizations meet — and exceed — their supplier diversity goals.

Standout 2026 Victories:

- **U.S. Department of Energy Award**: JEMNI secured a key contract with the U.S. Department of Energy, Office of Special Operations, for custom credential packaging (JetPak), specialized IDGuard imaging, premium large-format printing systems, laminators, invisible ink solutions, and advanced Premisys ID Pro software. This win highlights our expertise in secure, high-precision identification and packaging solutions for the nation's most sensitive operations.
- **Pharmaceutical & Healthcare Packaging Expansion**: Building on our strong foundation in custom packaging design, JEMNI has completed supplier registration with **Medline**, one of the largest distributors in the healthcare and pharmaceutical sectors. We are now positioned to supply critical packaging materials — including stretch film, industrial tape, boxes, shrink film, and custom solutions — to support their nationwide distribution centers. Additional registration with **University Health** further strengthens our footprint in medical and pharmaceutical supply chains.
- **Strategic National Alliance with Brady Corp.**: JEMNI has been named the primary national contact for data flow and business alignment, with a major shift of 3M industrial tape sourcing now routing through JEMNI — delivering greater efficiency and diversity impact for customers coast to coast.
- **Aerospace & Defense Leadership**: Leveraging our AS9120 and ISO 9001 certifications, JEMNI is advancing anti-static and ESD-safe packaging opportunities with Teledyne following the NASA LIFT event. Our established Tier 1 partnership with **Boeing** continues to demonstrate our reliability and performance excellence.
- **Entertainment & Technology Breakthroughs**: Through our distributor partnership with PDC, JEMNI submitted formal proposals to capture significant DOBE/SDVOSB spend on Disney's wearable RFID solutions and Magic Bands.

A Legacy of Excellence
JEMNI delivers best-in-class performance with just-in-time next-day delivery, vendor consolidation, custom design innovation, and flawless execution. Our track record speaks for itself: **2023 NaVOBA Service-Disabled Veteran's Business Enterprise of the Year** and the **Boeing Performance Excellence Award** every year from 2015 to 2026.

"Our veterans know what it means to serve with excellence under pressure," said Brandon Hlavka, President & CEO of JEMNI Inc. "That same commitment drives every solution we deliver. Whether it's pharmaceutical-grade packaging that protects life-saving medications or secure credentials for critical government operations, we bring unmatched speed, quality, and integrity to every partnership."

Meet JEMNI Inc. at Upcoming Conferences
I will personally be attending the **VETS 2026 Conference** in New Orleans, Louisiana, from **Monday, June 1 through Thursday, June 4**. I will also be at the **Disability:IN Global Conference** in Dallas, Texas, **July 26–30**. These events provide excellent opportunities to connect, explore partnerships, and discuss how JEMNI can support your packaging, fulfillment, and supplier diversity needs.

JEMNI Inc. remains actively engaged at premier national events, including the recent Disability:IN Spring Matchmaker and the Moffitt Supplier Engagement & Development Small Business Symposium.

About JEMNI Inc.
JEMNI Inc. is a nationwide SDVOSB and DOBE led by a team of seven Service-Disabled Veterans. We specialize in **high-performance Packaging Design & Solutions** (including pharmaceutical and medical applications), Fulfillment, Vendor Managed Inventory (VMI), Logistics, Facility/Janitorial/MRO Supplies, and secure **ID Cards, Visitor Badging, and Accessories**. At JEMNI, we don't just meet expectations — we raise the standard.
