# JEMNI INC.

*Creating a future for Disabled Veterans*

JEMNI Inc. is proud to support the St. Croix Valley Lumberjacks Ski Team by helping fund their team uniforms for the 2026 Special Olympics Minnesota State Winter Games this March. Providing these uniforms ensures the athletes compete with a strong sense of unity, confidence, and pride. This sponsorship reflects our continued commitment to service, leadership, and investing in initiatives that create meaningful impact within our community.

## Employee Transition

We'd like to recognize Randall Dennery, an Air Force veteran, who has recently transitioned from his role at JEMNI into a Procurement Agent position with Boeing. While we are certainly sorry to see such a talented and dedicated team member move on, we are incredibly proud to see him take this next step in his professional journey. His advancement reflects the caliber of talent within our organization and our commitment to developing strong leaders. Randall's departure also creates an exciting opportunity for new talent to join and grow within JEMNI, continuing the cycle of development and progress that strengthens our team.

## Upcoming Events

Here's a quick look at where we'll be showing up in the coming months:

Defense Technology & Aerospace Procurement Conference – Austin, TX
Connecting with defense and aerospace leaders and exploring new procurement opportunities.

Moffitt Small Business Symposium – Tampa, FL
Engaging with small business partners and strengthening our presence in the healthcare space.

VETS 2026 – New Orleans, LA
Continuing our commitment to the veteran business community and federal contracting space.

Disability:IN Global Conference – Dallas, TX
Supporting supplier diversity initiatives and building relationships with inclusive corporate partners.

These events are great opportunities to expand our network, showcase JEMNI's capabilities, and build momentum across aerospace, pharma, defense, and supplier diversity channels. Let's make the most of them.

## Meet our Newest Team Member

Andy Flynn

Our newest Team Member, Andy Flynn, will be based in our Seattle Office at the Center of Excellence for customer experience. Andy served in the U.S. Army Signal Corps from 1982-1998 and previously worked at the White House Communications Agency.

Mark Ellson, Founder of JEMNI is proud to announce his support and sponsorship for the 2026 Make-A-Wish Gala
